

# TONOPAH DAILY BONANZA

Published every evening, Sunday excepted, by the Tonopah Bonanza Printing Co., Incorporated.

MEMBER ASSOCIATED PRESS MEMBER NEVADA PRESS ASSN.

W. W. BOOTH, EDITOR AND MANAGER

Terms of Subscription by Mail for Daily Bonanza:  
 One Year.....\$12.00 Three Months.....\$3.00  
 Nine Months.....9.00 One Month.....1.00  
 Six Months.....6.00 One Week......30  
 Delivered by Carrier, \$1.25 per Month.

## TO SUBSCRIBERS.

Parties who do not receive their papers, or who have any cause for complaint, will oblige The Bonanza by notifying this office.

## NO REWARD.

A reward of \$10 will be paid for information that will lead to the arrest and conviction of parties stealing The Bonanza from subscribers.

All legal advertisements will be charged for at the rate of \$2.00 per square for the first insertion. There will be no exception to this rate. No affidavit of publication will be made until the advertisement is paid for.

No advertising cut, one square inch or smaller, will be accepted unless made of metal. No wood base cuts this will be used. Wood cuts are dangerous to forms and press.

Entered at the postoffice in Tonopah as second-class matter

## A STATEMENT IS DESIRED

THERE is an institution in this town that is supported by the public. It receives \$50 a month from the county. There is approximately \$100 a month paid in addition by what are known as gymnasium members. This institution had a ball team earlier in the season and it was liberally supported. It gave two dances this year and much money was paid for tickets, even by people who did not attend. Yet this institution does not pay its bills. Its executive committee holds no meetings. There are no financial reports. The Tonopah Volunteer Fire Department is the institution referred to and it would seem that its managers should make some statement as to its financial condition for the benefit of the people who pay for its support, or rather for the support of the person or persons who conduct its affairs and who receive the money paid by the people of the town and county. The department has ceased to take any interest in fire fighting, relegating such duties to the paid department. The Bonanza thinks that it is the right of the people to know something about this institution and the manner in which its affairs are conducted. No criticism is even suggested as to its provision for support. All that the Bonanza and the public desire is to be informed as to its financial status and be given a reason why it does not pay its financial obligations, when it is supported in such liberal manner.

## THE FAMINE AND THE FEVER

RUSSIA, the first of the ten powers engaged in war to make a public confession, has declared itself to be bankrupt and to be about to adopt desperate measures to raise sufficient money to continue warfare. If the full truth were to be told there is not a single nation now engaged in the embroilment that could pay its bills. France has experienced a terrible drain upon its resources. Belgium is desolated. Serbia has shed its lifeblood and poured out its treasure. Great Britain has surrendered the greater portion of the mortgages which it held upon industries in the United States and is now forwarding its reserve supply of gold to these shores. Germany and Austria have reached almost the absolute limit and have exhausted not only their treasuries but their reserves of men. Turkey was already impoverished and Italy has not been in the war long enough to realize how barren it will be of resources when the pact of peace is signed. Japan can make but slight offering, for even in times of peace its preparedness for war had overtaxed its people. Russia has greater natural resources than any of the other countries at war, but it admits that it is ready to go into the hands of a receiver.

As in Hiawatha, the famine and the fever will eventually conquer and the nations will "lay down on their beds in silence, hide their faces and make no answer."

## THE SHAME OF AMERICA

THE latest proclamation of the president on Mexico is more than a month old and has produced nothing remotely resembling a result. It was in effect ignored by most of the military chieftains and made the text by Zapata for a contemptuous reply. Meantime, Mexicans and foreigners alike are the daily victims either of starvation or of the outrages of armed bandits, whose savagery throughout the length and breadth of Mexico has wrought the existing awful conditions. The accuracy of the advice now in possession of our government will be questioned only by those who refuse to know the truth or are so simple-minded as to be unable to recognize it, says the Boston Transcript.

The advice show that the result of American meddling in Mexico for more than two years past is a reign of anarchy the like of which not even the great war has yet produced across the seas. Our own government is today held by the world at large, and rightly so, responsible for the creation of the pitiful condition to which Mexico is now reduced.

Much as he needs rest and recreation physically we find it difficult to believe that our president, even in the seclusion of the New Hampshire hills, can wholly dismiss from his mind the case of Mexico or blind himself to his own responsibility in the premises. May we not hope that even so stubborn an opportunist as he has shown himself to be throughout his dealings with the Mexicans will yet be forced, either by a realizing sense of his own mistakes or by the course of bloody circumstances across the Rio Grande, to cease further attempts at "government by essay" and assume the responsibility which he has thus far shirked of restoring order in Mexico and setting up a stable government that will maintain it?

## THE TARVIA KIDS STILL PURSUE US

WHY Tonopah people should suffer from hay fever this season when there is no hay grown within a radius of many miles is a moot question. There are eyes that weep when no sorrow is felt. There are noses that perform marathons. There are wheezes galore, respirations erratic, sneezes unexpected and stained glass goggles worn.

Somebody, in fact a great many bodies, believe the epidemic is due to the tarvia dust. At all events the air is full of it. The lungs are clogged with it. It is tracked in to the carpets and when the window curtains are washed, the water is a sight. If this tarvia cannot be scraped off it certainly should be wet down occasionally.

## THE NEW 3a KODAK, Anastigmatic and Autographic, \$27.50

Has the autographic feature whereby you can date and title your films at the time of exposure, is fitted with the new Kodak Anastigmatic f7.7 lens—a lens that leaves nothing to be desired in definition (sharpness) and flatness of field and has more speed than even the best of the Rapid Rectilinear lenses.

No. 3A Autographic Kodak pictures 3 1/2 x 5 1/2, Kodak Anastigmatic lens f7.7.....\$27.50  
 Do., with rapid Rectilinear lens.....\$22.50

Englishmen are about to be yanked to the colors.—Detroit Free Press.

Meanwhile, Mexico goes marching on to wherever it is going.—Chicago News.

An editor who waits for an inspiration will never get writer's cramp.—Toledo Blade.

After three or four people tell a man he is good looking, he is ruined for life.—Acheson Globe.

The machinists, like the blacksmiths, know how to strike while the iron is hot.—Buffalo Commercial.

The world will not miss the Russian wheat much, with 1,000,000 bushels in our bins.—Philadelphia Record.

Berlin is rejoicing over the victory at Warsaw. Berlin doesn't have to winter in Poland.—Dallas News.

When the Germans say this is a "defensive" war they are probably just looking ahead a year.—Boston Evening Transcript.

Russia may be down, or nearly down, but she still refuses to hold her "enough," notwithstanding the kaiser's bid.—Pittsburg Dispatch.

## ENGINEERING COLLEGE NEVADA UNIVERSITY

AIM OF INSTITUTION AND WHAT IT HAS ACCOMPLISHED IN THE PAST

The aim of the College of Engineering is to give to young men a knowledge of those subjects which form the basis of the mining, mechanical, electrical, and civil engineering professions.

## HAVE BONANZA SENT TO SUMMER ADDRESS

Residents of Tonopah who are preparing to leave the city on their annual vacations may have the Bonanza forwarded to them at their summer addresses without any extra charge. Notify the circulation department when the change is desired and the paper will be forwarded promptly. Subscribers should advise the Bonanza of their return to the city so that the paper may be delivered at their home address.

the physical and mental vigor of students.

The location of the college, moreover, in the center of a notable field of past and present enterprise in mining, mechanical, electrical and civil engineering, is of distinct value, not only for its opportunities for study and observation, but as a source of abiding inspiration to students of engineering. Within easy access will be found the complete study of modern underground mining and the reduction of metallic ores, from its first chapter, the Comstock lode, 21 miles distant—the cradle of deep mining and ore-reduction processes in America—to its latest chapter as disclosed in the advanced mining and metallurgical processes of Tonopah, Goldfield, Ely, and Mason Valley.

Likewise, close at hand, are examples of extraordinary feats of railroad engineering—the cuts, fills, tunnels, bridges and snowsheds of the passage of the Sierras; of irrigation engineering, represented in the canal system and the great Lahontan dam, of the Truckee-Carson reclamation project; and of electrical engineering, along the Truckee river, which generate thousands of horse-power to operate the mines, mills, factories and public utilities over a wide territory.

Possibly the stimulus of such engineering achievements and triumphs, as an open book in the field of practice before the eyes of students, has had something to do with the success of the University of Nevada graduates.

## ANNOUNCEMENT

The following prices f. o. b. Detroit, effective August 2, 1915:

Ford Runabout	\$390.00
Ford Touring Car	440.00
Ford Town Car	640.00

No. speedometer included in this year's equipment, otherwise cars fully equipped.

There can be no assurance given against an advance in these prices at any time. We guarantee, however, that there will be no reduction in these prices prior to August 1, 1916.

## Profit-Sharing with Retail Buyers

On August 1, 1914, we made the announcement that if we could make and sell at retail 300,000 Ford cars between Aug. 1, 1914, and Aug. 1, 1915, we would share profits with retail purchasers to the extent of from \$40 to \$60 on each car.

We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are, however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars delivered during August, September and October, 1915.
